Coin Shute Safes

Travel Safes with a Coin Chute are ideal when bagged cash needs to be carried. They offer the convenience of easy deposit without the bulk or complexity of a roller top. The Coin Bag Chute makes for difficult fishing of contents, as once through the Chute the coin bags drop into the safe department below.

- For trade prices please refer to the trade section of the website
- All dimensions are in mm (L & W dimensions = base plate 'footprint' - actual safe is approx 5% smaller)
L = length W = width H = height Kg = weight

Commercial & Industrial models auto lock upon presentation to the base plate.

Models that are offered with a 2nd lock option give enhanced security where the 1st lock is used to remove the safe & contents from the vehicle, and then the 2nd removes the contents from the safe.

All locks are registered to Checkmate Devices Ltd and each is supplied with 2 keys. Keyed alike and master key systems are available upon request.

Base plates are anchored to the vehicle floor using a fixing kit (supplied).
